

WHITE-LABEL AGENCY

PARTNERSHIP DECK

We Build. You Brand.

E15 TECHNOLOGIES

THE LANGUAGE OF INNOVATION

www.e15technologies.com

*Helping agencies scale faster with white-label website,
web applications and ongoing development support.*

ABOUT E15 TECHNOLOGIES

THE ARCHITECTS OF CHANGE

E15 Technologies stands as a trailblazing force, weaving a narrative of innovation and excellence across IT, Media, and Branding.

We are more than service providers; we are Digital Dream Builders. We create custom, future-proof solutions tailored to the ever-evolving digital landscape, ensuring businesses are not only current but positioned for long-term success.

Founded on the belief that technology is the single greatest enabler of human potential, our team brings together expertise in digital engineering, software development, creative media, training, and infrastructure.

This multidisciplinary approach allows us to solve challenges holistically and deliver solutions that go beyond expectations.

WHAT WE DO

- ✓ WordPress Development
- ✓ Mobile App Development
- ✓ Custom Web Applications
- ✓ Website Maintenance
- ✓ E-Commerce Solutions
- ✓ API & Third-Party Integrations

WHITE LABEL SERVICES WE PROVIDE

WordPress Development

Custom WordPress websites built with Elementor, ACF, WooCommerce, and premium functionality. Designed for performance, scalability, and conversion.

Custom Web Applications

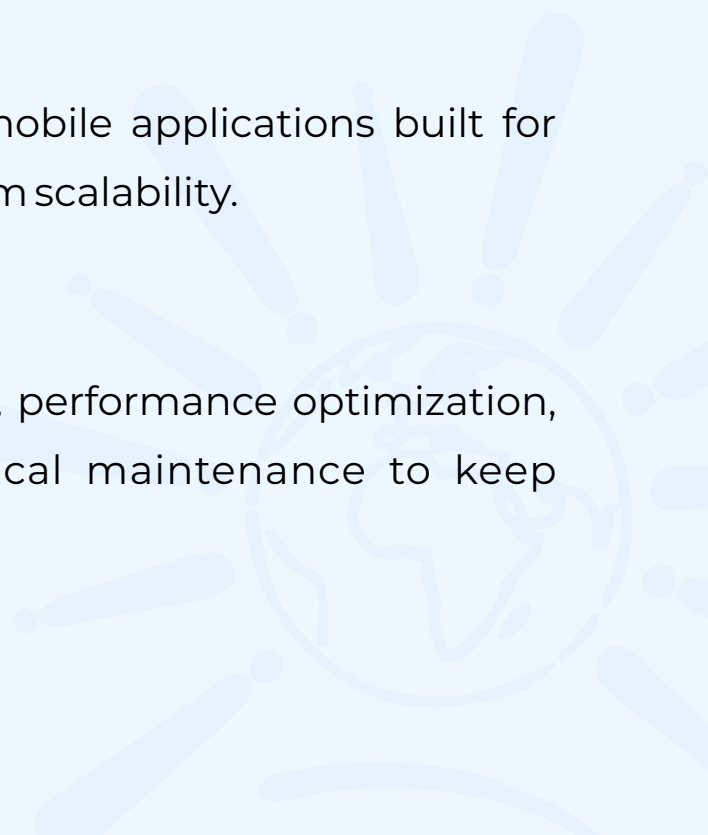

Scalable, secure, and modern web applications engineered to automate workflows, manage data, and support business growth.

Mobile App Development

iOS, Android, and cross-platform mobile applications built for performance, usability, and long-term scalability.

Website Maintenance

Ongoing support, security updates, performance optimization, backups, monitoring, and technical maintenance to keep websites running smoothly.

E-Commerce Solutions

WooCommerce, Shopify, and custom e-commerce platforms designed to increase sales, improve customer experience, and streamline operations.

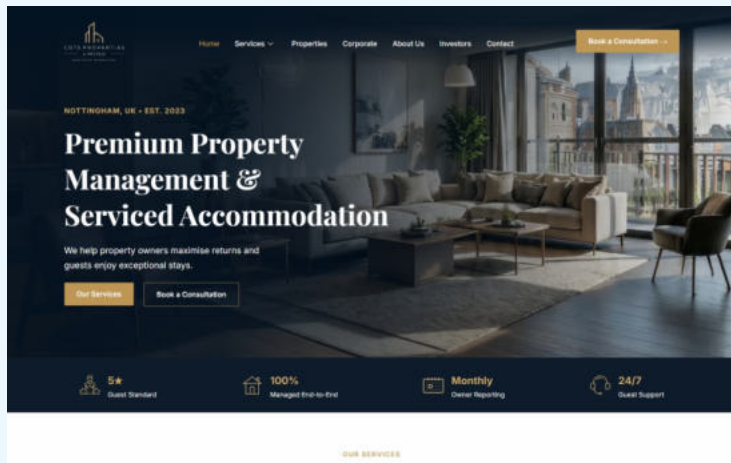

API & Third-Party Integrations

Seamless integration of payment gateways, CRMs, email marketing platforms, analytics tools, and third-party services.

OUR WHITE LABEL PROCESS

SEAMLESS WHITE LABEL DELIVERY FROM START TO FINISH

01. Client Acquisition

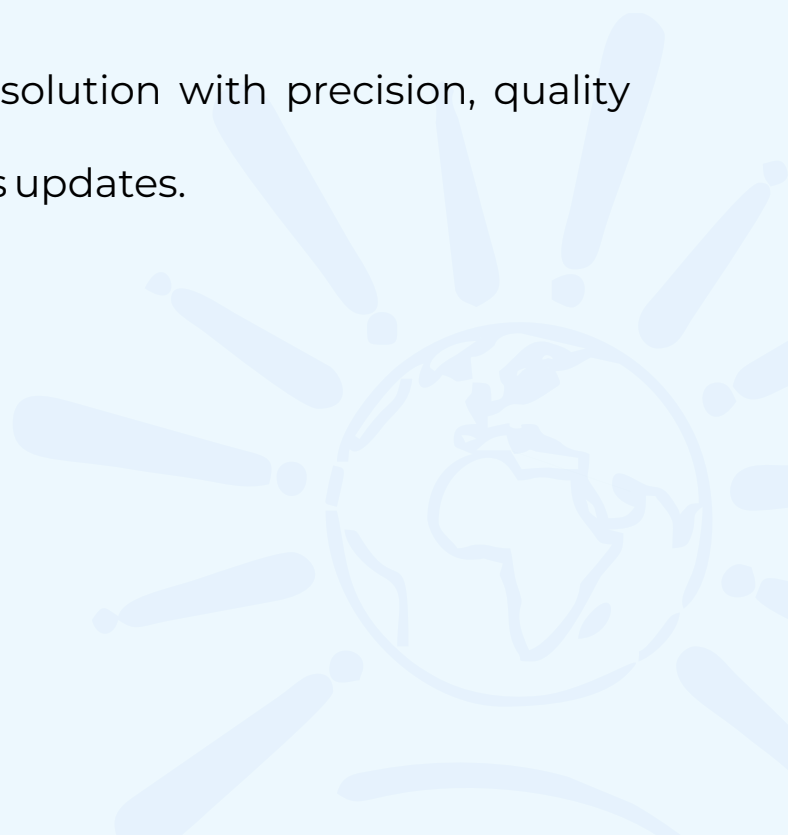

Your agency secures the client relationship, gathers requirements, and manages communication.

02. Project Brief & Handover

Share project requirements, designs, timelines, and supporting materials with our team.

03. Development & Execution

E15 Technologies develops the solution with precision, quality assurance, and ongoing progress updates.

04. Review & Agency Delivery

You review the completed work, request any refinements, and deliver the project under your own brand.

05. Ongoing Technical Support

We remain behind the scenes, providing maintenance, updates, enhancements, and technical support as needed.

PARTNERSHIP BENEFITS

- ✓ White-Label Delivery
- ✓ NDA Available
- ✓ No Direct Client Contact
- ✓ Agency Retains Full Client Ownership
- ✓ Dedicated Technical Support

Website: www.e15technologies.com

A man and a woman in business attire are seated at a desk, working together. The man, on the left, is wearing glasses and a suit, looking at a laptop. The woman, on the right, is also in a suit, looking at a laptop. They are surrounded by papers, charts, and documents. The background is dimly lit, showing a plant and a window with curtains.
